PRACHI YADAV

Product Designer | UI/UX Designer

y16prachi04@gmail.com | +91-8580189788 | linkedin | github |portfolio

Professional Summary

Product Designer and UI/UX Designer who has designed 3 live web platforms across medical education, B2B services and hiring, plus EdTech product work. Skilled in user research, user personas, user journey mapping, information architecture, wireframing, prototyping and design systems in Figma. Final-year Computer Science student with front-end knowledge (HTML, CSS, JavaScript) that supports clear developer handoff.

Skills

Product Design: User Flows, Information Architecture, Wireframing, Prototyping, Interaction Design, Visual Design, Responsive UI Design, Design Systems, Auto Layout
UX Research: User Research, User Personas, User Journey Mapping, Competitor Analysis, Usability Testing, User-Centered Design
Tools: Figma, FigJam, Framer, Canva, Adobe Photoshop, Adobe Illustrator, Jira, Notion, Claude
Product & Collaboration: Product Requirements, User Stories, Stakeholder Communication, Developer Handoff, Cross-functional Collaboration
Technical: HTML, CSS, JavaScript, React, PHP, MySQL, Git, GitHub

Experience

EdNeuron Jun 2026 – Aug 2026
UI/UX Designer
- Designed 10+ screens end to end for a live medical learning platform covering research papers, clinical case studies, webinars and continuing medical education (CME).
- Created 4 user personas (researcher, student, clinician, author) and 4 end-to-end user journey maps to identify friction points and design opportunities.
- Defined the information architecture for research discovery, specialty-based filtering, bookmarking, article publishing and CME credit tracking, with consistent UI patterns in the brand's purple identity.

WaltCorp Jun 2026
Product Designer
- Designed 6+ pages of a live B2B website for a technology and consulting company, translating business requirements and service offerings into structured user flows and layouts.
- Organized multiple service capabilities into a clear, scannable content hierarchy across the homepage, company, capabilities, technology and M2M Studio pages.
- Created a scalable visual system (typography, color, spacing) that keeps all service pages consistent.

RampWork May 2026 – Jun 2026
UI/UX Design Intern
- Designed 10+ screens for a live cross-border hiring platform connecting Indian tech talent with international companies.
- Designed a 4-step hiring flow (discover, explore, evaluate, hire) and talent profiles that make skills and experience easy to scan and compare.
- Added trust elements (testimonials, FAQs, process transparency) and clear calls to action to guide companies toward hiring without friction.

Zidio Development Sep 2025 – Dec 2025
UI/UX Design Intern
- Designed 10+ screens for an EdTech platform, translating product requirements into user-facing interface concepts.
- Improved learning content presentation and interface clarity through visual hierarchy and consistent design principles.

Projects

PrepMedica – Medical Exam Preparation Platform *UX/UI Design*
- Designed course, mock test, clinical learning and student dashboard experiences, connecting 6 product experiences (study planning, live classes, practice, progress tracking and more) into one learning journey.

PESITM CSE Department Website *UI Design*
- Designed a department website that organizes academics, results, events and announcements into a 4-layer homepage, 3 key page templates and 7 content sections.

AI Voice Interviewer *Product Design*
- Designed an AI-powered interview experience built around voice interactions and a structured interview workflow.

Mentooz – Mentor Management System *Product Design*
- Designed product concepts for mentor management workflows and structured user experiences.

Education

PES Institute of Technology and Management, Shivamogga 2023 – 2027
B.E. in Computer Science and Engineering CGPA: 8.6/10
