PRACHI YADAV

Product Designer | UI/UX Designer

+91-8580189788 | y16prachi04@gmail.com | LinkedIn | GitHub

SUMMARY

Computer Science undergraduate and Product Designer with hands-on experience designing SaaS and digital products. Works end to end from UX research and user journey mapping to information architecture, wireframes and interactive prototypes in Figma, and collaborates closely with developers to bring designs to production.

EXPERIENCE

WaltCorp **2025 – Present**
Product Design & UI/UX *SaaS & Digital Products*

- Design website and product interfaces, translating user and business requirements into user flows, wireframes, prototypes and high-fidelity screens.
- Restructured the website's information architecture to present a broad range of technology, consulting and product services in a clear, scannable hierarchy.
- Run product research to identify UX improvements and work with developers to turn approved designs into shipped features; create website content layouts and social media designs.

EdNeuron **2025**
UI/UX Designer *Medical Education Platform*

- Created four user personas (student, clinician, researcher, author) and mapped their end-to-end journeys to locate pain points across learning and publishing.
- Merged the four journeys into one information architecture spanning clinical case studies, research papers, CME credits and author publishing.
- Designed the user dashboard, CME credit tracking and a four-stage article submission and publishing workflow.

Zidio Development **2025**
UI/UX Design Intern *EdTech*

- Designed interfaces for an EdTech platform, improving the learning experience through structured layouts and clearer content hierarchy.

Freelance **2024 – Present**
UI/UX & Visual Designer *Client Projects*

- Designed digital interfaces, logos and brand identities for clients including NextCal, Quikbites and Sushruta Dentalaya, from brief to final delivery.

SELECTED PROJECTS

RampWork – Remote Talent Hiring Platform *UX/UI Design*
Website experience helping companies discover, evaluate and hire remote developers.

- Structured the journey as Discover, Explore, Evaluate and Hire, with scannable developer profiles, a step-by-step hiring process, FAQs and clear calls to action.

PrepMedica – Medical Exam Preparation Platform *UX/UI Design*
Learning platform for medical students preparing for exams.

- Designed the homepage and clinical course page, connecting course content, study plans, live classes, practice and performance tracking in one flow.

AI Voice Interviewer *Built product – Next.js, TypeScript, Tailwind CSS*
Voice-based mock interview product, designed and developed end to end.

- Built conversational technical interviews with sub-500 ms responses and structured feedback on technical gaps and communication.

SKILLS

Product & UX Design: Product Design, UI/UX Design, UX Research, User Personas, User Journey Mapping, Information Architecture, Wireframing, Prototyping, Interaction Design, Usability Testing, Responsive Design, Design Systems
Design Tools: Figma (Auto Layout, Components, Prototyping), Adobe Photoshop, Adobe Illustrator, Canva
Technical: HTML, CSS, JavaScript, React, Java, C, MySQL, Git, GitHub

EDUCATION

PES Institute of Technology and Management, Shivamogga (VTU) **2023 – 2027 (Expected)**
B.E. in Computer Science and Engineering CGPA: 8.67/10

Army Public School, Ranchi – Senior Secondary (Class XII), PCM **2022**
