Experience

Edneuron Jun 2026 – Aug 2026
UI/UX Designer

- Designed interfaces for a medical learning platform featuring research papers, clinical case studies, and continuing medical education (CME) resources.
- Structured content hierarchy and page layouts to support research discovery, reading, and revisiting relevant educational content.
- Applied the platform's purple visual identity and consistent UI patterns to create a cohesive experience across key interfaces.

Waltcorp Jun 2026
Product Designer

- Designed product screens translating business service offerings and requirements into structured user flows and interface layouts.
- Organized service information and user journeys to communicate offerings clearly and support intuitive navigation through the platform.
- Applied consistent visual hierarchy and UI patterns to maintain clarity across screens and user workflows.

Rampwork May 2026 – Jun 2026
UI/UX Design Intern

- Worked on UI/UX design for a cross-border hiring platform connecting Indian talent with international companies.
- Developed interface concepts for hiring-related user journeys, focusing on clear information structure and accessible presentation of platform offerings.
- Applied consistent visual hierarchy and interface patterns to support a coherent user experience.

Zidio Development Sep 2025 – Dec 2025
UI/UX Design Intern

- Contributed to UI/UX design for an EdTech platform, translating product requirements into user-facing interface concepts.
- Applied visual hierarchy and consistent design principles to improve educational content presentation and interface clarity.

Selected Product Design Projects

AI Voice Interviewer

- Explored an AI-powered interview experience centered on voice interactions and a structured interview workflow.

PrepMedica – Medical Exam Preparation Platform

- Designed course, mock test, and student dashboard experiences with progress tracking.

Mentooz – Mentor Management System

- Developed product concepts for mentor management workflows and structured user experiences.

Education

PES Institute of Technology and Management, Shivamogga 2023 – 2027
B.E. in Computer Science and Engineering CGPA: 8.6/10
